Petro Carbon NDT Solutions provides an effective NDT service specializing in BHA to the global oil and gas industry.

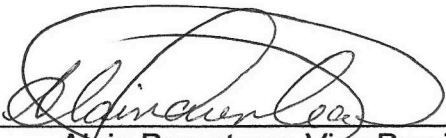

Petro Carbon is committed to protecting the health and safety of its employees. It is our most important goal – our people are our company.

Petro Carbon aims to have a workplace free of incidents resulting in an actual or potential loss. All employees and contractors will identify and report hazardous acts or conditions to allow correction and prevention.

Everyone at Petro Carbon is made aware of their responsibilities for Health and Safety.

- Managers provide standards and resources, ensure correction and verification
- Supervisors provide training and equipment, ensure awareness and compliance
- Workers provide participation and awareness; work safely and help others
- Contractors must be competent and comply with Petro Carbon standards
- Visitors/Vendors must comply with Petro Carbon standards

Petro Carbon will comply with the legal and regulatory requirements in the locations where we conduct our work.
